Agricultural Amendment to the Currency Bill Adopted

## WILSON TO IGNORE BANKERS' VIEWS

Stands Pat for the Currency Bill, Rejects Central Bank Idea

Washington, Aug. 26.—The agricultural currency amendment to the administration currency bill, putting paper based on agricultural products on the same basis as commercial paper for banking purposes was adopted by the House Democratic caucus yesterday.

## WILSON OPPOSES PLAN OUTLINED BY BANKERS

He Stands Pat for the Currency Bill and Rejects the Central Bank Idea.

Washington, Aug. 26.—That the amendments proposed at the Chicago bankers' conference would emasculate the administration currency bill and that the bankers' proposals will be rejected, was clearly indicated to his callers yesterday by President Wilson. He made it plain that unless there is complete government control of the new fiscal arrangement, there will be no currency bill at this or any other session of Congress if he can help it.

The president unhesitatingly stated that, from press reports, he considered the bankers' resolution indicated their desire to eradicate all essential features of the bill. That the Chicago conference was a professional, self-interested move by the bankers is believed by the president.

He thinks a few "big bankers" dominated the Chicago meeting. He refuses to believe that the resolutions adopted represent the real sentiment of American bankers. On the contrary, the president told visitors yesterday, he is advised from indirect sources that the rank and file of bankers and business men, too, are giving their hearty support to the administration bill as it now stands.

There is absolutely no chance, according to the president, that the bill will be amended as requested by the bankers to take the issuance of bank notes from the control of the treasury and give it to the individual banks. Veto power will also be denied the proposed "advisory council" of bankers, he believes.

Reduction of the number of reserve banks is improbable, in the president's opinion, as this question was thoroughly thrashed out before the bill was launched. Mr. Wilson also is opposed to the establishment of branch reserve banks desired by the bankers as a substitute for the twelve reserve banks.

The president thinks this scheme smacks of the Aldrich central bank idea.

## Knees Became Stiff

Five Years of Severe Rheumatism The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is another victory for Hood's Sarsaparilla. This great medicine has succeeded in many cases where others have utterly failed. Mr. Goldstein says: "I suffered from rheumatism five years, it kept me from business and caused excruciating pain. My knees would become as stiff as steel. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself entirely cured. I recommend Hood's." Get it today in usual liquid form or chocolate tablets called Sarsatabs.

## BARRE GOLF CLUB.

Annual Tournament Will Be Played This Week and Monday.

The annual tournament of the Barre Golf club will be held this week, and there will be no weekly tournament because of it. The annual tournament will be played on Thursday, Aug. 28, Saturday, Aug. 30, and Monday, Sept. 1. On Thursday, the 28th, there will be an 18-hole qualifying and handicap and lowest gross scores in qualifying play, to start and before 11 a. m. Those wishing to qualify must have their cards in by 1 p. m. The first and second eight are to play off at match play.

The scores in the weekly tournament last week were as follows:

	Gross	Hndp.	Net
Julian	83	11	72

Walsh and Fraser were tied for the lowest gross score at 77 and John Reid was next with a 79.

## BUSY ON STATE FAIR GROUNDS

Preparations for Vermont's Big Event Well Under Way.

White River Junction, Aug. 26.—Preparations for the seventh annual Vermont state fair are well under way, with activity in evidence on the fair grounds. The buildings are being renovated and made ready for the exhibits which will be more extensive than ever before.

The novel endurance race with Morgan horses competing with all other breeds is attracting wide attention and this event promises not only to bring in a large number of entries, but to interest horsemen generally throughout New England. The race is to be made from Northfield, through Waterbury, Stowe, Morrisville, Greensboro Bend, and St. Johnsbury, finishing in front of the fair grounds.

The exhibition of cattle of all kinds will fill every available space in the cattle department. Heart's Delight farm at Chazy, N. Y., made a large entry of short horn cattle, said to be as fine stock of this breed as have ever been shown on a fair ground, and a 20-head entry of the same breed is made by J. E. and C. D. Wade of Burghill, Ohio.

The horse department, both Morgans and other breeds, will excel in number and breeding previous exhibits of the kind. Eighteen imported draft horses, including Belgians, Percherons and Suffolks, will be on for the first time in southern Vermont. This exhibit comes from Glens Falls, N. Y.

Firemen's day, which occurs Thursday, Sept. 18, is attracting much attention among the friends of all the New England states and New York, and entries for the horse races are coming in daily. With \$1,000 to be offered in prizes and with a large number of entries, including some of the more famous horse companies of this northern section spirited racing is promised.

The amusing features to be presented in front of the two large grand stands includes Tompkins' Wild West, a fully equipped western outfit, and a group of educated sea lions. A varied program of vaudeville features will be presented on the elevated stage near the judges stand. With \$20,000 to be offered in premiums in the several departments, \$6,000 in purses for the trotting events and two score or more of silver cup prizes, the Vermont state fair is assured big exhibits, and big crowds.

## DWYER PLEADS "NOT GUILTY."

Others of New York Police Indicted for Assault in Restaurant Case Follow Suit.

New York, Aug. 26.—Police Inspector John F. Dwyer and five patrolmen pleaded not guilty yesterday on charges of assault made by citizens ejected from Healy's restaurant recently when the police summarily enforced the 1 o'clock closing law. They will be tried early in October. Restaurant and hotel men are backing the charges. They contend that the law applies only to the sale of liquor and that Mayor Gaynor's interpretation is too sweeping.

## TAKES "BRODIE," BUT ESCAPES.

Kelly Unhurt in Jump From Highest Point of Brooklyn Bridge.

New York, Aug. 26.—Peter Kelly, a young motorman, jumped from the Brooklyn bridge yesterday at its highest point and escaped with a few slight bruises. On his way down Kelly turned over half a dozen times and struck the East River almost flat on his back. He floated a short distance until he was rescued. Kelly refused to tell why he had made the jump. The ambulance surgeon, who in ten minutes pronounced him practically as sound as ever, said Kelly had been drinking.

## CAME FROM MAINE.

Man Killed in Mexico a Graduate of Bowdoin.

Farmington, Me., Aug. 26.—Edmund Hayes, Jr., reported killed in Madera, Mexico, by federal soldiers, was the son of Mrs. Mellen Hayes, of Farmington. Mrs. Hayes received a message from Washington informing her that he had been killed by federal troops under Francisco Cordova when they captured the town.

Besides his mother, young Hayes leaves a sister, Mrs. Pratt of this town, and a brother in Ontario, Canada. His father died several years ago. He was graduated from Bowdoin college in 1902.

## MAKING RAPID PROGRESS

Free Wool Slips Through in the Senate Without Objection

## IN EFFECT ON FIRST OF DECEMBER

Free Wool Declared Unnecessary if Sherman Law Is Enforced

Washington, Aug. 26.—Consideration of the tariff free list was so rapid yesterday in the Senate that the Democratic leaders predict the bill will be ready for a vote by September 1.

Ratification of the list was made except a few commodities and a lively debate on comparative wages and a child labor conditions in New England and the Southern cotton mills featured the debate.

Free raw wool was agreed to without a roll call. No objection was made to ratification of the paragraph, though Republican senators will later demand roll calls on pending substitutes for the woolen schedule when the bill leaves the committee of the whole. The finance committee amendment providing that free wool should not become operative until Dec. 1, 1913, also was agreed to. The entire free list was approved with the exception of paragraphs relating to works of art which were recommitted.

Senator Cummins declared the necessity for free listing monopoly products would disappear when the Sherman law was amended to send offenders to jail and when the courts appointed receivers to sell monopoly properties so that guilty ones could not continue to profit.

"How can monopolies be ended when the Supreme Court declares a combination violates the law as it did in the Union Pacific case and then the attorney general goes around to devise a plan with those interested to keep the monopoly alive?" demanded Senator Bristow. He added that it seemed to him that in the Union Pacific cases, the department of justice had connived to continue their monopoly. Later, Bristow explained he did not charge the attorney general with designedly seeking to annul the dissolution, but charged that the result of the attorney general's consultation with the railroad interests had been to deprive the public of any benefits from the dissolution.

Senator Kenyon's amendment automatically to free list products of a concern adjudged a monopoly by the courts precipitated a prolonged debate at the conclusion of which it was referred to the finance committee.

## MCDERMOTT LOBBY DEFENSE STARTS

Congressman's Former Secretary Gives Testimony to Refute Col. Mulhall.

Washington, Aug. 26.—Representative James T. McDermott of Illinois, charged by witnesses before the House lobby investigating committee with three accepting money from interests concerned in legislation before the House yesterday began his defense. His counsel planned to submit "Col." M. M. Mulhall to cross-examination.

Arthur West of Dayton, O., who was formerly McDermott's secretary, yesterday testified he had never seen McDermott in the room which Mulhall charged was set aside by the congressman for conferences with N. A. M. representatives.

Mulhall, next called to the stand, said he was receiving \$100 a week from the New York newspaper which published his expose. Pressed closely by Faby-Smith, the ex-lobbyist hedged on the question whether he always told the exact truth in his legislative reports to the N. A. M. Mulhall insisted he had not exonerated all congressmen save McDermott.

Amplifying his statement before the Senate committee that the editor of Hearst's Magazine had refused to purchase the Mulhall letters, the witness said the editor explained Hearst feared their publication might aid Woodrow Wilson.

## CO-OPERATION FOR UTOPIA.

Earl Grey Believes This Will Be Basis for Foundation of the Perfect State.

Glasgow, Aug. 26.—Co-operation will be the basis of the ideal state of the future, Earl Grey told the congress of the international co-operative alliance, which opened its sessions here yesterday. Six hundred delegates, representing 20,000,000 members of co-operative societies in America and Europe, were present.

Earl Grey declared the co-operation movement to be the most effective safeguard against the tyranny of the trusts. It meant, he said, the elimination of the parasitic middleman, and consequently the reduction of the cost of living. Co-operation, he declared, showed how the warring forces of labor and capital could be reconciled, and would put an end to the present industrial organization which was responsible for much of the existing selfishness, suspicion, hatred and consequent inefficiency with their sequels—poverty and discontent.

## C. B. & Q. SETTLEMENT.

Trainmen and the Railway Agree on Wages.

Chicago, Aug. 26.—Many points of difference between the management of the Chicago, Burlington & Quincy railroad and the trainmen have been settled in advance of mediation and a complete settlement is in sight. This statement was made here yesterday by William L. Chambers, federal mediator assigned to this dispute. The men have asked for shorter hours and better pay.

## "GETS-IT" Is a Wonder for Corns

No Fuss, No Pain, Sure and Quick—Nothing Like It—"GETS-IT" Every Time

You never used anything like "GETS-IT" for corns, before? You're sure at last that every stubborn corn that

"Nobody Knows How Good I Feel—Corns Are Gone at Last—"GETS-IT" Did It!"

You've tried so long to get rid of a "goner." You apply "GETS-IT" in two seconds, that's all. "GETS-IT" does the rest. There's no more fussing, no more haggles to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pulling," no more pain, no more picking and gouging, no more razors.

"GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. "GETS-IT" never fails, is harmless to healthy flesh. Warts, callouses and bunions disappear.

"GETS-IT" is sold at drug stores at 25c a bottle, or sent direct on receipt of price by E. Lawrence & Co., Chicago—Advt.

## T. R. RETURNING RED AS INDIAN

The Colonel, Back from the Desert, Is Lunched in Chicago by the Progressive Club.

Chicago, Aug. 26.—Colonel Roosevelt, burned almost as red as the desert Indians among whom he has been sojourning, arrived here yesterday. He spent less than two hours in the city before taking the Pennsylvania Special for Oyster Bay. He is due to reach New York today.

He was met at the Santa Fe station by Thomas D. Knight, president of the Chicago Progressive club, and a delegation of members, and later took a standing luncheon, conducted on a help-yourself basis, at the club.

On the way to this function in an automobile, the colonel was recognized by many persons and waved his wide-brimmed Panama hat in response to shouts of greeting.

He said that he had enjoyed his vacation and had profited by his studies of Indian character and customs.

At the clubrooms the colonel was greeted by several suffragettes headed by Grace Wilbur Trout, who, like the former president, wore a Panama hat. In the course of his talk with Mrs. Trout, who told him she was the mother of four sons, he said:

"I brought up my sons to fight; for you have learned to fight you can be as peaceful as you want to."

He added that he knew of no man who was so much entitled to a vote as the mother of sons and daughters.

The colonel wore a gray suit and soft shoes. He paused at a bookstore and bought some books, including one about a prize fighter, another giving an Indian story, and a third on big game.

## JURY FINDS SUPT. GUILTY.

He Is Convicted of the Slaying of Mary Phagan.

Atlanta, Aug. 26.—Leo M. Frank, superintendent of the National Pencil Co.'s factory, was found guilty by a jury yesterday of the murder last April of Mary Phagan, a 14-year-old employee. Frank heard his fate in court unmoved, but his wife, who was with him, collapsed. Mounted police were unable to disperse the demonstrators, who cheered the verdict. Prosecutor Dorsey and Judge Roan were lifted on the shoulders of the crowd.

The jury was out four hours. The verdict carried no recommendation to clemency, but counsel made a motion for a new trial.

## "MEN HIGHER UP."

Said To Have Been Betting on Horse Races in Washington.

Washington, Aug. 26.—Evidence has been found that betting on horse races, according to the police has not been confined to the clerks in the government departments, but that certain high officials also were patrons of the bookmakers, six of whom recently were arrested in the navy yard. The investigators declare the "men higher up" made their wagers through subordinates and as a result their apprehension will be difficult.

The inquiry into the hand book betting industry in the departments, the police say, has led them to the discovery that it was conducted by "ring" gamblers with resources of upwards of half a million dollars. For years, it is said, this ring divided large profits.

## ON A STRIKE OF SYMPATHY.

Electricians in Employ of the Government Quit Work.

London, Aug. 26.—The strike of house-painters and decorators for an increase of wages, which was followed by the employment of non-union painters at the admiralty has caused a protest strike by electricians.

Those involved include the electricians at Buckingham and St. James palaces, the Colonial and foreign offices, the Tower of London, the museums and general postoffice.

## FOSS DECLARES STRIKE ENDED.

Places of the Strikers Have Been Filled, He Says.

Boston, Aug. 26.—Governor Foss as treasurer of the B. F. Sturtevant Co. declared yesterday the strike is over, as the places of the strikers have been filled.

The governor said applications from the strikers will be received at any time and they will be given preference, but the time for their return as a body expired Aug. 11.

## IN THE FIELD OF SPORTS

The Rutland club of the Northern Tri-State league played an exhibition game against the Chicago Cubs at Schenectady Sunday. The Chicago team won by the score of 5 to 0. The Rutland team wanted to put in Wickware, the colored twirler of the Mohawk Giants, but the Cubs objected.

Edward Zwilling, the star outfielder with the St. Joseph, Mo., club of the Western league, has been sold to the Boston Braves. Zwilling is considered the most popular player that has worn a St. Joseph uniform in the past five years. He has batted well over 300 during the past three seasons and has always been among the best hitters in the league. He was once tried out by the Chicago White Sox and turned loose in 1911 because of bum legs. He has totally recovered from his "charlie horse."

Walter Johnson, the star Washington hurler, is in a class by himself in the American league. He has won 27 games and lost but 5. Sunday he achieved his 14th straight victory. Johnson is out this season to smash the record made by Joe Wood during last season.

"Doc" Keegan, the former Norwich university star, is leading the Twin State league in batting. He has an average of .317. Crowther, a Brickley of the Newport follow in the order named. Brickley's percentage has fallen down to .385.

The Detroit Tigers have parted with their veteran pitcher, Joe Lake, and recruit catcher Joe Tondoue in part payment for Pitcher Comstock of the Minn. Comstocks while with the Minneapolis club has been the pitching sensation of the American association. Lake's past appearance with the Tigers was last Saturday, when he was knocked from the mound by the Highlanders in two innings.

Consensus of opinion seems to have it that the Cincinnati base hit will be rescinded next season. The scoring of hits on this play is coming in for severe censure everywhere. Scoring of the old fielders' choice may once again be in vogue when the rules are modified.

Roger Peckinpah, the star shortstop of the Highlanders, will not be able to play again for two weeks, according to Frank Chance. Peckinpah twisted his ankle in sliding to the plate at Detroit Saturday. Trainer Barrett of the New Yorkers claimed that it was a very narrow escape from serious injury.

The Chinese university baseball team from Honolulu is still in this country. At present it is playing amateur and semi-professional teams in the vicinity of New York.

Marty McAlle, the former Maine collegian, who was recently secured by the Highlanders from Jersey City in the international league, will be ready to take his turn on the mound when the New Yorkers return home from their western trip.

Danpie Moeller is runner-up among the best base stealers in the American league. Milan of the Senators leads with 61 and his teammate stands next in order with 46. Eddie Collins, Speaker and Cobb follow in the order named. In the National league a tie still exists between Carey of the Pirates and Myers of the Braves, each having pilfered 37 base steals.

The Rockingham circuit proved to be a grand success and will probably be the mecca for New England horsemen hereafter. The meet drew enormous crowds and was a great success financially. Even better results will be expected in later years. Much of the credit for the fair was credited to Wilbur Buntley, who was in charge.

The Boston Reds, the strong semi-professional team that invaded Vermont a few weeks ago, is now playing in the state of Maine, covering the fairs.

Connolly and Myers of the Boston Nationals made the greatest gains in batting last week for the Braves. Each has been hitting the ball with vengeance for several weeks and will soon reach the coveted goal of the .300 class swatters.

## 38 YEARS IN JAIL, INNOCENT.

Italian Released, Almost Speechless, Finds Family Dead.

Milan, Aug. 26.—A striking example of the manner in which Italy treats its convicts is told in the story of Erasmus Vassallo, who has been released from the jail here after having been confined there for thirty-eight years, although innocent of any crime.

A dying man recently confessed to the crime for which Vassallo had been convicted. When he was freed he could hardly speak, the terrible conditions of the Italian prison having taken from him almost all his powers. Despite this he was told to walk home, and not even his train fare was given him.

When he arrived at his home he found that his entire family was dead.

## AMERICAN MISSIONARY SLAIN.

Dr. Holbrook Shot by Turks While Asleep in Garden.

Constantinople, Aug. 26.—The Bible house here believes that the Rev. Charles H. Holbrook, the American missionary who was shot recently at Samsatir, Asiatic Turkey, was deliberately murdered.

The American embassy has sent Acting Vice-Consul Lewis Heck to investigate the affair.

According to the Turkish version Dr. Holbrook was asleep in the garden of an Armenian, who had been annoying some Turkish women, and it was in mistake for this Armenian that the missionary was shot.

The murderers have been arrested and will be punished.

## SHERIFFS KILL FEUDIST.

Green McIntosh Shot Down in Battle in Mountains.

Lexington, Ky., Aug. 26.—Green McIntosh, charged with the murder of Greenberry Combs, was killed yesterday while resisting arrest in the mountains of Clay county. Combs was killed last Wednesday. Mrs. Ed Callahan, widow of the assassinated feudist, and her brother, Leonard Deaton, are accused as accessories.

A posse of deputy sheriffs chased McIntosh from the time of the killing until yesterday, when they located him near Redbird Creek in Clay county. He opened fire on the officers and they replied, killing him. He had taken a prominent part in the Kentucky mountain feuds.

## APPOINTED CLERK OF BOARD.

Niel D. Clawson Connected With Vermont Public Service Commission.

Battleboro, Aug. 26.—Robert C. Bacon of this town and William R. Warner of Vergennes, constituting the Vermont public service commission, have appointed Niel D. Clawson of Battleboro clerk of the commission. Mr. Clawson, who had been assisting in getting the new headquarters in Battleboro arranged, accepted the appointment and went with the commission to Springfield, this state, to attend hearings.

Mr. Clawson is at the head of the Clawson-Hamilton commercial college here, but his appointment will make no difference with that school as he will give it what personal attention he can and will have a new teacher in the commercial department when the fall term opens next Tuesday. He is 32 years old and an expert stenographer.

## WEEK OF MODERATE WEATHER.

Disturbance Expected to Reach Eastern States by End of the Week.

Washington, Aug. 26.—The weekly weather bureau bulletin issued from the central office states that: "The distribution of atmospheric pressure over the northern hemisphere is such as to indicate a continuance of moderate temperatures for the season the coming week in all parts of the country except the far southwest, where readings will be above normal. The rainfall during the week will be generally local and irregularly distributed. A disturbance of moderate intensity will appear in the far west about Wednesday, more eastward attended by local showers and thunderstorms and cross the middle west Thursday or Friday and the eastern states near the end of the week. There are no indications at the present time of a disturbance in the West Indies."
